

March 13, 2020, 10:45am

Dear City Tree Parents,

City Tree infant, preschool, and K-8 programs will be closed beginning Monday, March 16 in an effort to prevent the spread of Covid-19. Our school will likely remain closed until April 6, 2020, but we will be responding to information and direction provided to us by national and local agencies. We have no information indicating that we have, or have had, any individual infected with the coronavirus on our campus. Nevertheless, we are taking proactive steps for our community.

For all of us, the coronavirus has brought concern and uncertainty, yet I am confident that we can and will navigate through this challenging time with wisdom and compassion. Additional information will be sent later today regarding K-8 remote education, possible adjustment to Easter break, and other important information.

Thanks for your support both to our staff and each other during this time. May the peace of God, which transcends all understanding, guard your hearts and your minds in Christ Jesus.

Sincerely,

Sue Kennedy

Principal
