

Meet the Teacher

MRS. CHAPMAN

GOD IS GOOD, ALL THE TIME!

About Me

My husband is in the Navy, and this is our second time being stationed in San Diego. Soon after returning to the west coast, we returned to First Presbyterian and immediately got our zoo memberships. We are thankful for our church family while we are so far away from our east/Gulf coast family.

My Favorites

Food: Coconut shrimp
Hobby: crochet
Flowers: hydrangea
Drink: coffee
Season: spring
Sport: college football
Subject: Biology
Color: purple
Animal: sea turtle

Education

I went to the University of West Florida ...twice. My degrees are in Marine Biology and Environmental Biology (mostly Ecology classes.) I don't want to forget the training I had working for the park service, and a total of 8 or so years teaching high school and middle school classes.
